PRIME FACTORIZATION

Factor the number down to its prime factorization

thank you

Hello. I'm Erika

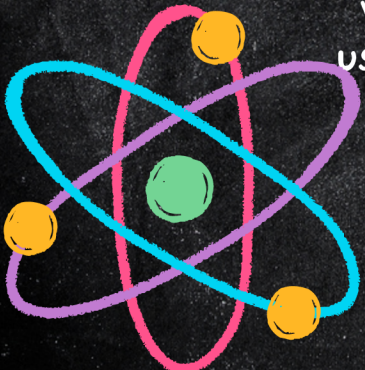

My journey to TPT started in 2018 when I started homeschooling my youngest. Fast forward and COVID brought my oldest home too. Both of my children grew to love this little homeschooling journey & have been home ever since! In the beginning I really struggled to find quality resources & more often than not I would end up spending hours creating my own.

Discovering Teachers Pay Teachers was a game-changer; I had resources at my fingertips, and the added bonus--the opportunity to share my creations with others! I take great pride in my creations & I am so happy to be able to share them with all of you!

Thank-you so much for taking the time to download my resources, Your support, and feedback, mean the world to me! If you have any questions about the use of this product, concerns, or suggestions, please do not hesitate to contact me directly.

-Erika

Extremely satisfied

This was useful to me and enjoyable for the kids. Thank you!

-Gloria M.

this was a fun and creative resource for my students to use before Easter Break.

-middle school madnesss

Just what we needed. It's a great little package! We will be trying the rest of these now:) thank you !!
